## LOCAL HAPPENINGS.

Cochise Chapter will hold a special meeting tonight for work in the fourth degree.

Mrs. B. A. Packard and children returned Thursday from a six-months' visit to relatives and friends in New York and Pennsylvania.

Don't fail to attend the Milkmaids' Convention next Friday night at Schiefelin Hall. Tickets for sale at the book and drug stores.

The subject of Rev. J. H. Gill's discourse tomorrow morning will be "Hope—True and False." In the evening, "Indecision of Character."

Rev. Thos. W. Haskins, formerly of this city, has been called to the rectorship of Christ Church parish, Los Angeles. Mr. Haskins is an able man and would fill any pulpit creditably.

The People's Store, at the old Summerfield stand, has one of the largest stocks of Dry Goods, Clothing, Boots and Shoes, Hats and Caps ever opened in this city. Call and examine the stock and learn prices.

On Friday night, Nov. 18th, the Milkmaids' Convention will be held in Schiefelin Hall. A programme of rare excellence will be presented by twenty young ladies, and the proceeds will be devoted to the benefit of the Methodist Church. Admission 50 cents.

A dancing club was organized at Mining Exchange hall last evening by the election of G. H. Dally as president, Irving R. Blinn secretary, and W. C. Read treasurer. About twenty couples were present and a most enjoyable time had. It is proposed to have weekly soirees.

The Elite Theatre has now a better company than at any time during its existence. Joe Bignon, the proprietor, is deserving of much credit for his enterprise in furnishing the Tombstone public with such an excellent entertainment.

Mr. J. C. Martin, editor of the Prescott Journal-Miner, was in attendance this week upon the session of the M. W. Grand Lodge of F. & A. M. Mr. Martin has done much to advance the interests of his portion of the territory.

Charlie Tribolet, who recently returned from a visit to the Holy Land and passed unscathed through the perilous journey from Joppa to Jerusalem, came to grief the other day through monkeying with a pet bear, and is confined to his house.

On Wednesday evening last King Solomon Lodge, No. 5, gave a banquet to the officers and representatives of the M. W. Grand Lodge of F. & A. M. of Arizona. About eighty Master Masons participated, and a most enjoyable time was had. The guests speak in high terms of the hospitality of the Tombstone fraternity.

On Wednesday evening last the Select Knights gave a very enjoyable social to their friends at Mining Exchange hall. Palmer Seaman as Commander introduced R. W. Wood, who delivered the address of welcome. Postmaster Clark made some sensible remarks on the order. Mrs. I. G. Brown gave a selection on the piano which was well received. Mrs. Wm. Bradley recited the "Wreck of the Hesperus" with fine effect, and Chas. Hancock gave a vocal selection, after which dancing and refreshments were indulged in. All voted the affair a grand success.

**Ocidental Hotel.**  
This is the only first-class hotel in Tombstone. It is handsomely furnished with all modern improvements. Travelers who stop at this house will find every comfort and attention. Private rooms for commercial travelers at reasonable rates. A splendid billiard table and a card room. The bar is supplied with pure brands of wines, liquors and cigars.

## MINING MATTERS.

In Grand Central properties the same activity exists as previously noted. Work from the Silver Thread to the Emerald is being steadily prosecuted, and the usual amount of ore is going forward to the mill.

**BUNKER HILL AND MAMMOTH.**  
An important strike was made this week in the Mammoth. In driving a drift from the main shaft of the Bunker Hill, on the 400 level, much hard ground was encountered. When in 200 feet in an easterly direction, a winze from the third level was broken into, and the drift extended 68 feet beyond in Mammoth ground. At this point a lime seam, not more than a foot thick, came in. After breaking through this, the entire face of the drift was found to be in very high grade ore. It is impossible at this time, of course, to tell the size of the body, but the indications are that it is a bonanza. Good ore has also been found on the second level in the Mammoth, which goes to prove that the shoot is continuous.

**OMEGA.**  
Connection was made yesterday on the 100 level between the main and air shaft, and now the ventilation in the mine is as good as might be desired. High-grade ore, more than a foot in width, is still encountered in the winze from the first level. The property is now in good shape for thorough development.

**OLD GUARD.**  
The new hoisting engine is in place and the whistle blew yesterday for the first time. Work of enlarging and timbering the old shaft is completed, and drifting will commence next week on three levels. The mill will be completed next month. Everything about this property is in splendid condition.

**GRAND OFFICERS.**  
The following officers of the Grand Lodge F. & A. M., for the ensuing year, were elected on Wednesday last:

M. W. Francis Asbury Shaw, Phenix, Grand Master.  
R. W. Morris Goldwater, Prescott, Deputy Grand Master.

R. W. Abraham Meyer Cohn, Tombstone, Senior Grand Warden.  
R. W. Michael Joseph Sullivan, Tucson, Senior Grand Warden.  
V. W. Martin William Kales, Phenix, Grand Treasurer.  
V. W. George James Roskrige, Tucson, Grand Secretary.

## THE WESTERN SETTLER'S CHOSEN SPECIFIC.

With every advance of immigration into the far West, a new demand is created for Hostetter's Stomach Bitters. Newly peopled regions are frequently less salubrious than older settled localities, on account of the miasma which rises from recently cleared land, particularly along the banks of rivers that are subject to freshets. The agriculturist or mining emigrant soon learns, when he does not already know, that the Bitters afford the only sure protection against malaria, and those disorders of the stomach, liver and bowels, to which climate changes, exposure, and unaccustomed or unhealthy water or diet subject him. Consequently, he places an estimate upon this great household specific and preventive commensurate with its intrinsic merit, and is careful to keep on hand a restorative and promoter of health so implicitly to be relied upon in time of need.

By hanging the Anarchists in Chicago yesterday, the law has been vindicated and the principle established that while America is the land of the free and the home of the brave, it is not an asylum for the outcast disciples of unlicensed liberty from other countries. Perhaps the commutation of the sentences of Schwab and Fielden to imprisonment for life, was a wise act. Their crime was not so heinous as that of the others, and it shows furthermore that mercy tempered the decrees of justice. Lingg committed suicide in his cell while left but four to hang—Spies, Parsons, Fisher and Engle. The affair passed off quietly, no disturbance of any kind occurring.

Major Llewellyn, live stock agent for the Atchison, Topeka & Santa Fe Railroad Company, told the Silver City Enterprise last week that he believes that during the winter New Mexico beavers weighing from 900 to 1000 pounds, will sell for three cents per pound in Kansas City. He also thinks there will be a slight decline next year, but when winter comes the price will go way up. He has given the subject much study and is posted as to the condition of the cattle interests elsewhere.

The natural facilities existing along the Gila river and adjacent canyons for the construction of reservoirs for water storage, makes the problem of the future water supply easy to solve. So nearly perfect are some of these formations that but little money will be required to complete reservoirs capable of storing enough water to irrigate all the lands between the Gila river and the Southern Pacific railroad as far west as the Maricopa county line. The supply of water in the river is ample for all necessary purposes if it is safely impounded during the season of abundance, to tide over the few months of its scarcity, and no better or safer investment for capital can be found than in the building of such works.—Florence Enterprise.
